Hi David:

Attached are numbers of court appearances by drug lab staff for the last 6 months ("Report" tab). The # cases is the numbers of cases to which people were summoned. # appearances is what you are interested in. the "hours and appearances" tab has names and job grades. Hope this helps.

Linda,

Attached is a summary of the number of court appearance by Drug Laboratory staff (Boston Laboratory only) for the period June-December 2010. I forgot to request the data from Amherst but it represents much smaller numbers as there are only 2.5 analysts. These statistics represent time out of the laboratory only and do not reflect the numerous hours spent preparing for trials that are dismissed or continued.

Thanks,  
Julie

PS I'll request the Amherst data but probably won't have it tomorrow
